

MODEL 72D

Twin Blade Rotary Wire Stripper

The Model 72D is a Heavy Duty machine designed to strip larger cables with thick or thin insulations. Single Conductor, Multi-Conductor and Coaxial type cables can all be processed with this unit. The Rotary Blade action of the Model 72D provides a Clean, Square Strip. Change-over from one cable to another is fast and easy, simply change the Wire Guide and adjust the Blade Depth and Strip Stop. This Heavy Duty Machine comes Standard with (1) 2845 Wire Guide, durable Powder Coat Finish and 1 Year Limited Warranty.
