MODEL 64
Ferrule Crimper Kit

The Model 64 Ferrule Crimper sets a new standard in ergonomic hand crimping tools. This new crimper effortlessly crimps insulated and non-insulated ferrules up to a maximum length of .709ò/ 18mm. This unitôs unique design enables the ferrule to be loaded in the front of the tool making it possible to install and crimp ferrules on wires that have a very short breakout length. The Model 64 ensures tight quality crimps due to its patent pending crimp technology and comes complete with a 1 year limited warranty.
