Model 98 Compu-Strip®

Automatic Measure, Cut & Strip

The new Model 98 Compu-Strip® is a fully programmable bench top Measure, Cut & Strip Machine. The Model 98 uses high torque stepper motors, belt feed material transport, and a precision ball screw blade mechanism. This powerful new machine easily processes stranded wire from 8 to 32 AWG, flat cable up to .437" in width, and multi-conductor cable up to .355" OD. The Model 98 utilizes a new user-friendly control panel which is extremely easy to program and use. Each machine comes standard with Carpenter's new PC-based Compu-Strip® software, making offline programming fast and simple. Positioning setup is fast and simple, requiring no tools. Every Model 98 comes standard with a complete set of (9) wire guide tubes, (9) exit guides, (1) guide tube holder, and 1-year limited warranty.
