

Model 930 Compu-Strip® Automatic Measure, Cut & Strip

The new Model 930 Compu-Strip® is a fully programmable bench top Measure, Cut & Strip Machine. The Model 930 uses high torque stepper motors, heavy duty roller feed material transport, and a precision ball screw blade mechanism. This powerful new machine processes stranded wire from 10 to 32 AWG, flat cable up to .437" in width, and multi-conductor cable up to .275" OD. The Model 930 incorporates new digital feed roller position sensors, as well as a new, easy-to-use electronic control panel. Carpenter's exclusive user-friendly machine software and improved button layout make the new Model 930 extremely easy to use. All standard machine functions now have their own dedicated keys, dramatically reducing "buried menus" and "hidden screens." For new users the "Program New Wire" feature guides the operator step-by-step through each field required to program a new wire configuration.

Every Model 930 comes standard with a complete set of (7) wire guide tubes & exit guides, (1) guide tube holder, and a 2-year limited warranty.

STANDARD FEATURES:

- Program "List" Processing
- USB Connectivity
- High Torque Stepper Motors
- Digital Feed Roller Position Sensing
- (7) Wire Guide Tubes & Exit Guides
- Safety Guard with Interlock Switch
- Coated HSS V-Blade
- Inches or Millimeters, User-selectable
- "Material Cut" Sensor
- Automatic Wire Loading & Unloading
- Batch Counting
- 5 Transport & 5 Stripping Speeds
- 999 Program Memory
- "Out of Material" Sensor
- Programmable Password

SPECIFICATIONS:

| | |
|------------------------|---|
| SIZE: | Stranded Copper Wire 10-32 AWG, Solid Copper Wire up to 12 AWG, Material Dependent |
| MULTI-CONDUCTOR CABLE: | .276" (7mm) OD Maximum, Material Dependent |
| FLAT CABLE: | .437" (11.1mm) Wide Maximum, Material Dependent |
| STRIP LENGTH: | .010" to 2.00" (.25mm to 50.8mm) Leading Strip (Full or Semi-Strip) .010" to 2.00" (.25mm to 50.8mm) Trailing Strip (Full or Semi-Strip) |
| WIRE LENGTH: | .010" to 9,999.99" (Short Mode: .020" to 1.60" [.50mm to 2.54mm]) |
| AMOUNT: | 1 to 999,999 |
| VOLTAGE: | 88 to 264 VAC, 47 to 63Hz, 4 Amp (Auto Switching) |
| WARRANTY: | 1-year Limited |
| DIMENSIONS: | 14.75" W x 12" H x 14" D (Including Safety Guard) |
| WEIGHT: | 53 lbs |

OPTIONAL FEATURES:

- Flat Cable Kit
- Wire Collection Tray
- Wire Marker / Stacker Interface
- Knurled Metal Feed Rollers
- Foot Pedal
- HD Coated V-Blades
- Cabinet Mounted E-Stop Button
- Radius V-Blades
- Single Plane Wire Straightener

All features subject to change without notice

Carpenter Mfg. Co., Inc. always suggests that you send your material samples to us for a free wire evaluation. This will ensure that the equipment we quote is correct for your application. To learn more visit our website at: www.carpentermfg.com
